

Big Chat 6

[#CCGBigChat](#)

Welcome

Dr Andy Mimmagh
Chair
NHS South Sefton CCG
[#CCGBigChat](#)

Staying local
& together

What we will cover today

- **Shaping Sefton – where we are now and challenges ahead**
Fiona Taylor, chief officer
- **Opportunities for change**
Table discussions
- **Fingers on the button - feedback from discussions**
- **Introduction to ‘Dementia Friends’**
Linda Lawson, Alzheimer’s Society
- **Fingers on the button – how was the event for you?**
- **Close**
- **Q&A surgery**

Innovation wall

If you have an idea or comment at any point during the event:

- Write them on the bricks – you will find a pile on each table
- Stick them to the ‘innovation walls around the room’

We are particularly interested in:

- Your ideas for making services more efficient and effective
- What you can do to support your local NHS to continue to work well

Shaping Sefton

Where we are now and challenges ahead

Fiona Taylor

Chief officer

NHS South Sefton CCG

Our vision

“We want all health and care services to work better together – to be more joined up – with as many as possible provided in our local communities, so it is easier for you to get the right support and treatment first time, to help you live a healthy life and improve your wellbeing”

We call this:
community centred health and care

Community centred health and care

Our vision
5 year strategy

Shaping
Sefton
Community
centred health
and care

Where we are now

South Sefton residents

- We have a significantly higher number of older residents – this is expected to grow
- Life expectancy in our least affluent communities remains unacceptably low
- Levels of long term health conditions are much higher than the national average - particularly heart disease, respiratory disease, kidney disease, mental health conditions and obesity
- Health needs growing more complex, demands on services increasing

Where we are now

Current services

- National trend - urgent care services under greater pressure, mirrored locally
- Planning – working across organisational boundaries to shape services that better meet our regional and local communities, to get the most from our centres of excellence and best practice – Sustainability and Transformation Plan for Cheshire & Merseyside
- Workforce – national gaps in some areas of medical specialties, mirrored locally

Where we are now

Our NHS resources – national picture

- Budgets allocated to CCGs up by average 3.4% this year
- However, the NHS recorded a deficit of **£471 million** in the last financial year¹
- If trend continues the gap between the money available for the NHS and the cost of services that patients' need is an estimated **£30 billion by 2020 - 2021²**

1 - NHS Confederation <http://www.nhsconfed.org/resources/key-statistics-on-the-nhs>

2 - NHS 5 Year Forward View

Where we are now

Our NHS resources – local picture

- We have been allocated a budget of just over £240 million this year to spend on healthcare
- That is an extra 2.4% on last year (compared 2.9% Merseyside average and 3.4% national average)
- This equals around £5.6 million more than last year

Where we are now

With this money we must:

- Meet our existing statutory duties to commission healthcare and balance our books
- Cover the cost for more healthcare as demand increases
- Cover the cost of new responsibilities – including increased hospital tariffs, IT systems for GP practices and young people's mental health services – previously funded nationally
- Meet inflationary increases at 1.7%

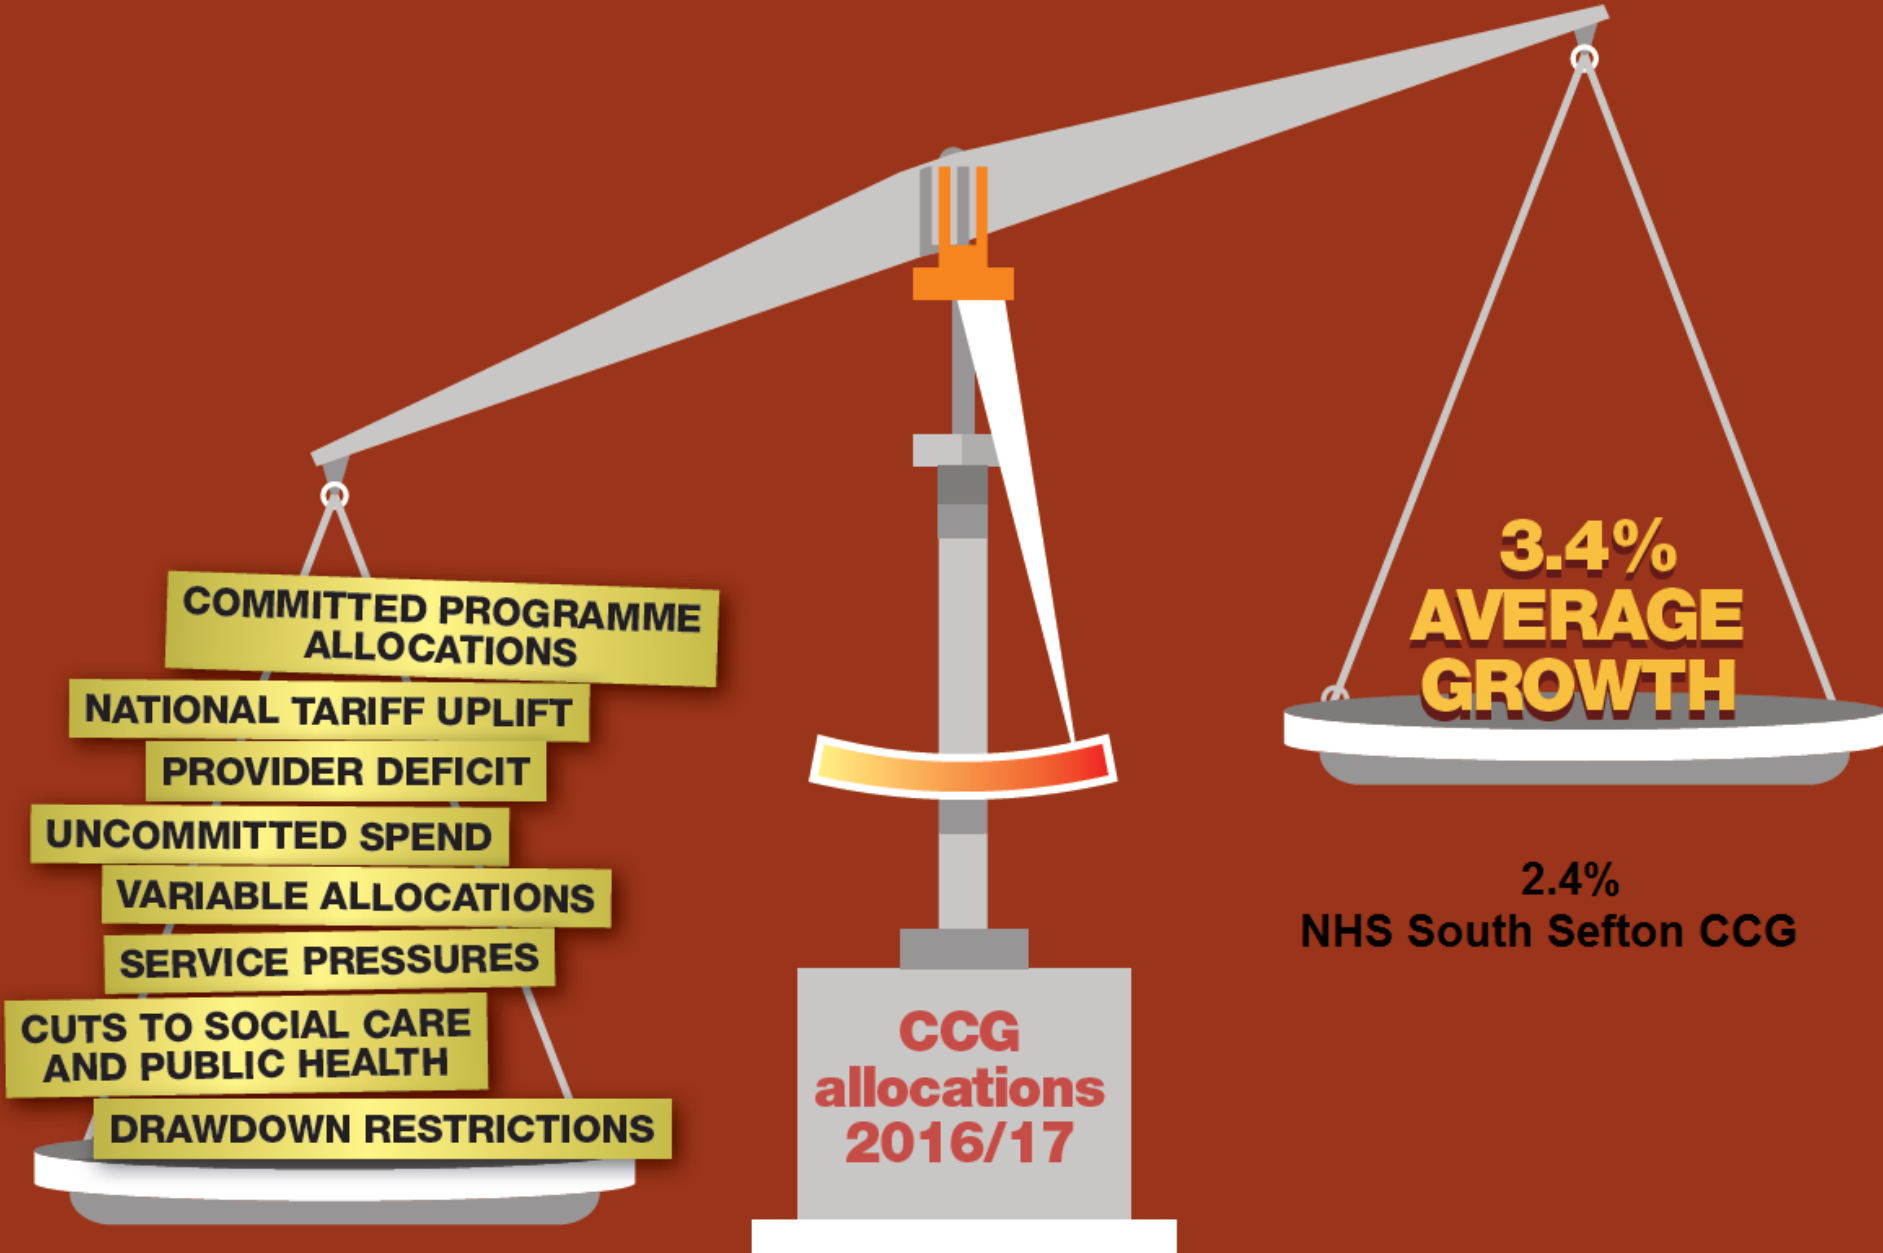

Where we are now

Our NHS resources – local picture

- **No real-terms growth** in the money we have been allocated to provide your healthcare – it remains static

What this all means

- Challenging times for the NHS – increasing demands on services and tighter public sector budgets
- It mean the NHS needs to change the way it works if it is to stay effective
- We have limited resources, difficult decisions - so your views about what we should focus our money and efforts on is even more important than ever...

What we are doing

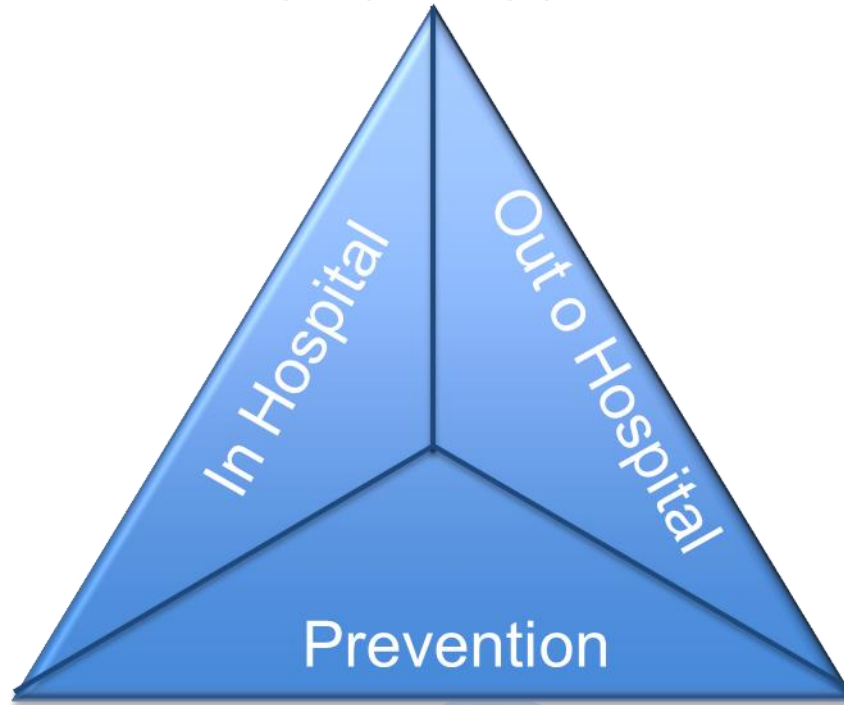

Our focus

- All NHS organisations required to improve the quality of care they deliver while making efficiency savings that can be reinvested into the NHS
- The NHS calls this ‘QIPP’ – quality, innovation, prevention and productivity
- We have set a savings plan of £10.2 million this year

What we are doing

Better Health

Better Care

Better Value

What we are doing

Examples of where we believe we can make savings

- Planned care – systems to better manage hospital referrals
- Prescribing – reducing wasted medicines, using non branded medicines
- Continuing Health Care & Funded Nursing Care – extending personal health budgets
- Discretionary spend – reviewing all other services to ensure they offer best care and reducing the cost of ‘running the business’
- Urgent care – telehealth so patients can be treated at home

Innovation wall

Write your ideas on the bricks on each table and stick them to the wall!

- What are your ideas for making services more efficient and effective?
- What can you do to support your local NHS to continue to work well?

Over to you

Your views

- Four examples of where we can achieve good outcomes for patients and make savings
- Over the next hour, each group will, in turn, hear about these four schemes from our presenters
- After hearing about each scheme, you will be asked for your thoughts and views
- At the end of the session you will be asked a to vote on a series of questions

Opportunities for change

You will hear four sessions on:

- Reducing medicines waste
- Getting the best outcomes for our money
- Technology in healthcare
- New models of primary care

Do you think the system for ordering repeat prescriptions that you've just heard about will help us to reduce medicines waste?

1. Yes
2. No
3. Not sure

Do you think the new technology you've heard about today will help make NHS services more efficient and improve your care?

1. Yes
2. No
3. Not sure

Do you think the new models of primary care that you've just heard about will help make NHS services more efficient and improve your care?

1. Yes
2. No
3. Not sure

Do you agree that changes to treatments like cataract surgery that you've heard about could make the NHS more efficient and improve your care?

1. Yes
2. No
3. Not sure

Following today's presentations and discussions, what do you think is the biggest challenge for your local NHS?

1. More and more people using health services
2. Maintaining a high quality of healthcare
3. Saving money
4. All of the above
5. None of the above

Innovation wall

Write your ideas on the bricks on each table and stick them to the wall!

- What are your ideas for making services more efficient and effective?
- What can you do to support your local NHS to continue to work well?

Introducing 'Dementia Friends'

Laura Lawson

Alzheimer's Society

Staying local
& together

Five things you should know about dementia

1. It's not a natural part of growing old
2. It's caused by diseases of the brain
3. It's not just about losing your memory
4. It's possible to live well with it
5. There's more to the person than the dementia

Want to know more about 'Dementia Friends'?

Visit to website <https://www.dementiafriends.org.uk/>

Or contact: Charlotte Adams

Regional support officer – Dementia Friends

Mobile: 07718 252 453

About Dementia Friends...

Do you feel like you've learnt something about those living with dementia?

1. Yes
2. No
3. Not sure

About Big Chat 6...

During today's discussions did you feel that you had the opportunity to have your views heard?

1. Yes
2. No
3. Not sure

About Big Chat 6...

Do you feel confident that your input today will be used to shape your NHS and help make it more cost effective?

1. Yes
2. No
3. Not sure

About Big Chat 6...

When is the best time to hold future Big Chats?

1. Morning
2. Afternoon
3. Evening
4. Weekends

About Big Chat 6...

How would you rate the choice of the venue for today?

1. Good
2. Adequate
3. Not good

Getting involved

- Fill in a 'keep in touch' form
- We will add your contact details to our database to keep you informed
- Join us at our next 'Annual Review meets Big Chat' on Thursday 8 September, 1pm – 4pm
- Details of this and all previous and future Big Chats also on our website: www.southseftonccg.nhs.uk
- Please let us know if you require this in other formats
- Call our PALS team on 0800 218 2333

Thank you

Still have questions? – come and ask us in the Q&A surgery

Shaping Sefton

How can we be **RESILIENT?**

How do we build **CAPACITY?**

How can we promote positive mental health?

How can we help people to remain independent?

What is what we DELIVER

NEW MODELS OF CARE

LINKS TO Wealth

The current system is **UNSUSTAINABLE**

Health & Well-being

There are **CHALLENGES**

I don't even know what **INTEGRATION** means...

We need a **communality**

COMMUNITY

confidence & self esteem

PLACE

INTEGRATED CARE

Collected **vision**

WHAT SEFTON IS and what it can be...

Overcoming barriers in primary & secondary care

Fiona Clark Chief Officer

THERE ARE 2 CCs IN SEFTON

Right Care
Right Time
Right Place

WE'RE HEADING in the **RIGHT DIRECTION**

FINDING OUR WAY

PUSHING THE BOUNDARIES

INDEPENDENT FOR AS LONG AS POSSIBLE

TRANSFORMING URGENT CARE

TRANSFORMING PRIMARY CARE

personalized integrated care in a long time
is the future
care is possible
integrated care

different care models
Different regions & integrated care
time & effort to develop
profits & mainly clinical price integration
