Re: Freedom of Information Request

Request/[Response](#):

I am looking to get information for the current supplier of GP out-of-hours for your CCG. Ideally I would like this to include the following basic information:

1. Start Date

[October 2013](#)

2. End Date

[March 2017](#)

3. Value

[£6m for contract duration](#)

4. Name of Supplier

[Go To Doc](#)

5. To include the same details for the previous contract award prior to the current iteration if available

The previous provider was Liverpool Community Health NHS Trust: the contract started on the 1st March 2008 and ended 31st September 2013 and the value was £4.92m

6. Any other details (e.g. if this is linked to NHS111, Urgent Care or Walk-in Centre or even if these are opted-out in the locality)

The service has calls routed through 111

I would also like the same details for the NHS111 contracts separately. If any of these details are outside of an FOI request than please confirm.

NHS South Sefton CCG does not hold this information, please redirect your request to Blackpool CCG
