Re: Freedom of Information Request

Request/[Response](#):

I would like to know if NHS funding has been granted for a hair integration system over the past five years. A hair integration system is a more natural alternative to a wig for people suffering with alopecia or other hair loss symptoms.

NHS South Sefton CCG has not approved any funding for hair integration system in 2013/14 and 2014/15. For information relating to the three years prior to this, the applications would have been dealt with by Sefton Primary Care Trust (PCT)

This financial information will have been transferred to the Department of Health (DOH)

You may wish to redirect your enquiry to them and I have provided their contact details for your information.

The contact details for the Department of Health are as follows:

Telephone: 020 7972 2305

Email: reviews&informationteam@dh.gsi.gov.uk

Address: Reviews & Information Team – Legacy Management Team
Department of Health
Skipton House
80 London Road, SE1 6LH
