**Re: Freedom of Information Request**

Request/[Response](#):

1. Are the children's audiology services you are responsible for IQIPS accredited?

[No](#)

2. If they are not accredited, have they signed up to the IQIPS process?

[No](#)

3. If they have signed up, have any failed to achieve accreditation and if so, why did it fail?

[Not applicable](#)

4. If they have not signed-up, please can you tell me what you will do to ensure all children's audiology services you are responsible for are accredited by IQIPS?

[NHS South Sefton CCG does not commission IQIPs and therefore the Paediatrics Audiology service is not accredited by this body.](#)
