Re: Freedom of Information Request

Request/[Response](#):

What is this CCG's policy towards re-use of aids for the elderly such as commodes, zimmer frames, raised chairs, toilet seats and bed rails once they have been issued for use once?

Are these aids sterilised and re-used or are they written off?

If the above aids are not re-used, what was the expenditure on those aids in financial year 2013-14 and year to date 2014-15.
