Re: Freedom of Information Request

Please find below the response to your recent Freedom of Information request regarding hospitals breaching the new rules on workload dump from practices within NHS South Sefton CCG.

Request/[Response](#):

Under the Freedom of Information Act 2000, I'm requesting the following information for all the CCGs you're responsible for, for the time period of 1 April 2016 to 23 March 2017:

1. How many reports of hospitals breaching the new rules on workload dump have you received from practices? Please can these figures be broken down for each hospital the complaint was made against.

The following have been shared with the CCG – this is an aggregate figure across Sefton and have been shared by our Local Medical Committee. There are other examples that have not been formally recorded so this is not an exhaustive list.

Liverpool Women's NHS Foundation Trust	10
Alder Hey Children's NHS Foundation Trust	7
The Royal Liverpool and Broadgreen University Hospitals NHS Trust	5
Community Providers	17
The Walton Centre NHS Foundation Trust	14
Southport & Ormskirk Hospital NHS Trust	9
Aintree University Hospitals NHS Foundation Trust	70
Independent Sector	3

2. What action or sanctions has the CCG enforced so far?

NHS South Sefton CCG have progressed discussions via contractual routes and the clinical Forums.

3. Please can you share any documents the CCG has produced setting out its policy for managing inappropriate workload dump by hospitals

Our Local Medical Committee is working on a document to be shared.
