## **Re: Freedom of Information Request**

Please find below the response to your recent Freedom of Information request regarding the prevalence and cost of treatment for those who have a dual diagnosis of Type 1 Diabetes and an Eating Disorder within NHS South Sefton CCG.

### Request/[Response](#):

1. What information (including any numbers) do you have regarding the prevalence of patients with a dual diagnosis of Type 1 Diabetes and any variant of Eating Disorders in your area for the year 2016/17?
2. What challenges do you face to ensure sufficient funding is allocated to the management and treatment of patients with a dual diagnosis of Type 1 Diabetes and any variant of Eating Disorders? Reference to the year 2016/17 can be used at your convenience.
3. What protocols and pathways do you have in place for the treatment of patients with a dual diagnosis of Type 1 Diabetes and any variant of Eating Disorders? Reference to the year 2016/17 can be used at your convenience.
4. Can you share a copy of the treatment pathway for these patients?
5. Do you have a nationally agreed tariff with your providers for the care of these patients, with particular reference to the years 2016/17 and 2017/18?
6. Do you have a locally agreed tariff with your providers for the care of these patients, with reference to the years 2016/17 and 2017/18?
7. How many patients did you plan to treat in the years 2016/17 and 2017/18 with Type 1 Diabetes? How many did you actually treat in the year 2016/17?
8. How many patients did you plan to treat in the years 2016/17 and 2017/18 with any variant of Eating Disorders? How many did you actually treat the year 2016/17?
9. How many patients did you plan to treat in the years 2016/17 and 2017/18 with a co-morbidity of Type 1 Diabetes and any variant of Eating Disorders? How many did you actually treat in the year 2016/17?
10. What is the average cost of the treatment for an individual with a dual diagnosis of Type 1 Diabetes and any variant of Eating Disorders? Reference to the year 2016/17 can be used at your convenience.

11. What future plans do you have to review the current pathways and treatment protocols in place for these patients?
