Re: Freedom of Information Request

Please find below the response to your recent Freedom of Information request regarding Paediatric Audiology services within NHS South Sefton CCG.

Request/[Response](#):

Bridgewater Community Healthcare NHS Trust has served notice on the Paediatric Audiology service for the North Sefton area. A new provider has been identified and we are in discussions for agreement to transfer the service. This should be concluded soon and we will then be able to declare who the new provider will be.

By way of a follow up, please can I request an update with regards to the new provider, any relevant contact details for me to make contact with them and also an indication of the timeframe of handover

[The position as of today remains unchanged, NHS South Sefton CCG are still in discussions and are not yet able to provide formal confirmation as requested.](#)
