Re: Freedom of Information Request

Please find below the response to your recent Freedom of Information request regarding primary care patients within NHS South Sefton CCG.

Request/[Response](#):

I recently made a generic 'Freedom of Information' request to the NHS. As my request focuses on primary care patients, their response recommended I make enquiries to all Clinical Commissioning Groups across the UK.

I am trying to find out whether there has been an increase in babies aged 0-12 months being diagnosed with eczema over the last 5 years. Specifically in the years 2012, 2013, 2014, 2015 and 2016.
