

Get involved - help shape the future of health and care in Sefton

15 October 2019

People across Sefton have been given the opportunity to help shape the future of health, care and wellbeing across the borough.

Anyone with an interest in health and care is being encouraged to take part in a survey which will help develop the borough wide Sefton NHS Five Year Plan - Shaping Sefton II - which is being developed as part of [Sefton Health and Care Partnership \(SHCP\)](#).

When finalised, Shaping Sefton II will be the borough's response to the NHS Long Term Plan, published at the start of this year. Currently in draft form, Shaping Sefton II builds on the vision for transforming health and care set out in the original [Shaping Sefton plan](#), developed in 2014.

To find out more and to complete a survey, please visit the [CCG's website](#).

People are asked to give their views about the plan before 21 October when the survey closes. All the feedback received will be used to finalise Shaping Sefton II.

We are encouraging all local people to get involved, so please feel free to share this email with friends, family and colleagues.

Thank you in advance for your support.
